

Embracing the evidence for modern ART: trials and real-world evidence

Join Prof. Jianwei Xuan and Dr. Sesh Sunkara as they explore the subject of clinical trials and real-world evidence. During this session you will:

Learn how real-world data can complement data generated by clinical trials

Discover the clinical implications of transforming real-world data into real-world evidence

Get an overview of how real-world data can support best practice to improve patient outcomes in ART

May 8th 2021 2:30–3:45 pm SGT

2:30–2:35 pm

Welcome and introduction

Virgilio M. Novero
(Philippines)

2:35–2:55 pm

Transforming real-world data into real-world evidence and implications in clinical practice

Jianwei Xuan
(China)

2:55–3:15 pm

Real-world evidence in the context of ART

Sesh Sunkara
(UK)

3:15–3:40 pm

Q&A discussion
