CV Markus Montag, M.Sc., Ph.D., Prof.

Markus obtained his PhD in 1992 in developmental biology at the German Cancer Research Centre in Heidelberg. He then joined the team of Prof SC Ng, the father of the first SUZI baby at the National University Hospital in Singapore. In 1993, Markus moved back to Germany as a laboratory director in a private IVF unit. From 1995 to 2011 he worked at the University Clinics of Bonn and then joined the University Clinics of Heidelberg.

Since 2013 he exclusively serves as CEO of his consultancy company ilabcomm GmbH. One of his favorite topics is the identification of the potential of embryos using time-lapse technology and other related technologies.
