

Quality Driven Throughout ART Treatment

Sunday May 9th, 14:30–15:45 SGT

Join our international faculty:

Prof Human Fatemi, Dr Ivan Sini and Dr Liow Swee Lian.

By attending the symposium you will:

Gain insights into how different luteal phase support strategies influence pregnancy outcomes

Understand the role of the hCG component of hMG preparations in influencing key clinical outcomes compared to FSH treatment alone

Explore the factors that affect oocyte development and how oocyte quality influences pregnancy success
